Ant Core Dev Rig

Ahoyhoy... Ant Core... Ah, where to even start? Ant Installation... Ant Core Dev Rig... Ant Core Dev Rig...

Ah yes... The Ant Core Dev Rig.

It has not yet been, since the start.

Ant Core Dev Rig.

Ant Core Dev Rig

The application that is used as a test bed, for parts of Ant's Core.

Ant's Core is the collaborative code that is used by:

- [Ant Installer Suite](#)
- [Ant Installer Suite Lite](#)
- [Ant Installer Suite Pro](#)
- [Ant Installer Suite Pro Ultimate](#)
- [Ant Installer Suite Pro Ultimate Complete](#)
- [Ant Installer Suite Pro Ultimate Complete Deluxe](#)
- [Ant Installer Suite Pro Ultimate Complete Deluxe Premium](#)

Ant Core Dev Rig, is used to test out the Ant Core, in a real world application, before it is used in the Ant Installer Suite.

Ant Core Dev Rig, is also
